need to be registered on [external websites](#)

Your awareness-raising action for the European Week for Waste Reduction.

This registration form should be filled with precise but concise information. Keeping the description of your EWWR action clear is essential to ensure a good understanding of your action.

Please note: registration per event and per place is obligatory to ensure that each Action Developer gains access to the EWWR Communication tools and that each action is featured on the programme of the EWWR. For example, in the case of a supermarket chain, a registration form should be filled in for each individual supermarket that proposed an action. This can be done by duplicating your action. Please contact your Coordinator if you have questions on this!

Data security: Please note that your contact details will not be shared for any commercial purposes. Please read the Participation Charter and the Legal Notice for more information on how your personal data will be processed.
